

PRESS RELEASE

OMS Retail presents full-service portfolio at EuroCIS

Garbsen (Germany), January 2025 - OMS Retail GmbH, a leading service provider for labour intensive tasks in the retail sector, will be exhibiting for the first time at EuroCIS, Europe's leading trade fair for retail technology (18-20 February 2025, Düsseldorf).

The trade fair appearance will focus on the comprehensive range of ESL services. As a manufacturer-independent partner, OMS Retail supports retail companies throughout the entire ESL life cycle - from planning to installation and maintenance. The proven Europe-wide route concept guarantees maximum efficiency in roll-out and service.

With more than 900 qualified employees, OMS Retail supports retail companies throughout Europe in optimising their processes. In addition to the ESL service, the company has 20 years of expertise in professional inventory services and also offers comprehensive in-store services for sustainable process optimisation.

Visitors to the trade fair can find out more about the entire service portfolio at Stand E13 in Hall 9. By making an appointment in advance via the OMS Retail GmbH website, interested parties will receive a free trade fair ticket.

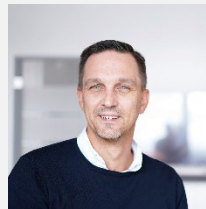

EuroCIS 2025 is considered the most important European platform for retail technology. The focus will be on forward-looking technologies such as artificial intelligence, omnichannel integration, innovative payment systems and advanced cyber security - topics that also perfectly complement the OMS Retail portfolio.
